Agronomic Ratings Scale: 1=Excellent 9=Poor

Plant Height Scale: T=Tall MT=Medium-Tall M= Medium MS=Medium-Short
Ear Placement Scale: H=High placement MH= Medium-High placement M= Medium placement L= Low placement

Disease Ratings Scale:

1=No disease symptoms 4=Probable damage in heavily infested field
 2=Symptoms indicate good tolerance 5=Damage under moderate levels of disease infestation
 3=Intermediate level of tolerance

All ratings presented represent relative differences between BH Genetics® hybrids. This information is not intended for use in comparison with hybrids from other companies. Adverse environmental conditions, cultural practices, disease and insect pressure, can affect the relative accuracy of the ratings.
